

## Kudos for Sullivan

Sep 27, 2018

Working with the people in Danby, Dorset, Landgrove, Mount Tabor and Peru as their state representative for 12 years was an incredible experience. As one can imagine, after loving a job — a vocation, really — I hoped my replacement would be equally committed to serving our community.

Enter Linda Joy Sullivan. Now that I work in the State House in a new role, I get to watch legislators in action. I cannot be happier with the role Linda plays on your behalf. She is dedicated, non-partisan, no-nonsense and an outside-the-box thinker. Be assured, you have a true stateswoman representing your interests. I miss living in the Northshire and will hold the memories of my time as your state representative close to my heart but I know I have left our district in very able hands. We need more Linda Joys in Vermont.
